

LEADER SAFETY CULTURE SURVEY

Our city is conducting a review of its Workplace Safety practices, policies, and processes. In order to obtain as much information as possible to achieve its objectives, you have been selected to answer questions on these issues. This survey should take approximately 15-30 minutes to complete. Your responses, as well as any comments you make are **STRICTLY CONFIDENTIAL** (please do not include your name on this survey or answer sheet). There are no right or wrong answers -- only honest responses based on your actual workplace experiences or understanding.

INSTRUCTIONS

1. All Management shall complete the survey and return to the person who gave it to them. Affected management will be identified by consultation with the Site Manager during the pre conference call.
2. Mark all responses clearly.
3. Do not put your name anywhere on the answer sheet, however, please mark if you're an manager or a contractor manager
4. Fill in the circle that best reflects your opinion with each statement.

0% of the time	25% of the time	50% of the time	75% of the time	100% of the time	Don't Know No Opinion
1	2	3	4	5	N.A.

4. Begin with #1 on the answer sheet and make sure your responses correspond with the appropriate question number.
5. Your opinions are valuable to us; you are encouraged to provide written comments regarding Workplace Safety at your company at comments section. You can also use the back of sheet if required.

THANK YOU IN ADVANCE FOR YOUR PARTICIPATION

LEADER SURVEY

1. Management emphasizes safety equal to or greater than production and quality.
2. Management is committed to providing a safe workplace for its employees or contractors.
3. Unsafe working conditions are identified and improved promptly.
4. Unsafe employee and contractor behaviors are identified and resolved promptly.
5. I acknowledge my employees or contractors when I observe them working safely.
6. I will immediately talk to my employees or contractors if they are not working safely.
7. I am comfortable talking to any employee or contractor about safety issues.
8. I encouraged my employees or contractor to participate in identifying hazards in their job and reduce or eliminate them.
9. Adequate equipment and tools are available to employees or contractors to ensure employees can perform their job safely.
10. My department's safety goals and current performance are communicated by me on a regular basis.
11. The primary purpose of an accident investigation is fact finding, not fault finding.
12. I am genuinely concerned about my employees or contractor's safety and discuss safety with them at least once a month.
13. I agree with the following statement: I don't ask my employees or contractors to jeopardize their safety for production demands.
14. Given the current conditions I am confident a fatality is not likely to occur on site.
15. I would immediately intervene if I saw an unsafe act or condition that could cause an incident.
