Any other comments about this presenter? Good, Speaker offered a variety of topics that were informative. Good information provided. This was an excellent presentation; it was extremely informative and I learned a lot that I will be referencing at the City of Mobile. Lori Leih-Awesome! I would pay her to rep me. Good info! All presenters did a job well done in explaining the subjects. Speakers were very informative. Good. Great! Very good. Put presentation on screen to help with notetaking. A PowerPoint presentation was needed for non-attorney participants.

Any other comments about this presentation or presenter? Well prepared all subjects were promoted in a positive manner. Need more interaction with attendees. It was very hard to follow the PowerPoint presentation. Jim was great, we hope that his voice was hoarse. Hard to understand sometimes voice was rough. Excellent conference! Too long! Unable to see slides correctly. Jim presented some info very relevant for safety habits. Great. Very good, I enjoyed this session. Very good. Blue font on black background is difficult to read. He started without much voice, very difficult to listen to, too much written material, lots of good info. Brief but helpful and informative information.

Any other comments about this presentation or presenter? All presenters were well prepared for their subject. Very good. Excellent speaker. Good. Mike was very enthusiastic, really appreciate his info. Very enthusiastic about safety. Very good. Talks too long-shorten to 50 minutes. Good energy! Could have held the mic closer-great presentation. Great! Job well done, material was presented clearly, presenter was upbeat, kept the audience into the presentation. I've seen Mike do his presentation previously BUT it never gets old because the information he covers/gives is extremely relevant and vital to creating/sustaining a exemplary safety culture.					

Thank you for attending the 17th Annual PESCA Conference. We hope to see year!
